

NOW HIRING FOR AN

Operations Risk Analyst

This position may be filled at an Associate or Analyst level depending on the qualifications of the selected candidate.

The individual in this position supports the Operations Risk Manager by performing tasks related to the FHLBank's operations risk management programs. Tasks include working with business partners to implement, maintain and communicate operations risk related policies, frameworks and procedures FHLBank-wide to ensure risks are identified, assessed, monitored and managed in accordance with the FHLBank's Risk Appetite.

What qualifications are needed?

Associate Level:

- One to three years of experience in risk management, internal audit, external audit or other similar or related fields.
- Bachelor's degree in accounting, business, finance or other related discipline is required.
- Effective communication skills, both oral and written.
- Effective analytical and problem-solving and a continuous improvement mindset.
- Attention to detail and good organizational skills.

Analyst Level - same as Associate Level, plus the following:

- Three to five years of experience in risk management, internal audit, external audit or other similar or related fields.
- Master's degree and/or professional certification (i.e., CPA, CIA, CRMA) is preferred.
- General knowledge of generally accepted accounting principles and auditing standards.

Benefits: FHLBank offers an attractive benefit package including health & dental insurance, 401(k), short-term incentive plan, student loan repayment assistance and much more.
